

REMARKS/ARGUMENTS

Reconsideration of the application is requested.

Claims 10 - 17 are now in the application. Claims 10 - 12, 15, and 16 have been amended. Claims 1 - 9 had been previously canceled.

The amendment of the claims responds to the rejection thereof under 35 U.S.C. § 112, second paragraph. We believe that the claims are definite. Should the Examiner have any further objections, we respectfully requested a telephone call so that the matter may be expeditiously resolved.

With regard to the paragraph entitled "Specification," reference is had to the preliminary amendment, page 2 of 5, where the first paragraph of the specification had been amended, so as to eliminate the reference to claim 1. In addition, however, we have now eliminated the reference to the claim appearing at the top of page 2.

In view of the foregoing, the allowance of claims 10 - 17 is solicited.
